

DESIGNING POWER TRANSMISSION SYSTEMS

We are experts in it,
we can **PROVIDE** it

Testing
Transformer
Protection Lines
Master plans HVAC
Project management
Safety plan Telecontrol
EXPERTISE Connection
Static calculations Audits
SUPPORT FOR OPERATION
Quality EMS
Dispatching
DESIGN STUDIES
Emergency plan
Feasibility studies
Telecommunication

Renewable energy integration
NETWORK STUDIES System codes **MAINTENANCE**
Medium voltage
Commissioning
SUPERVISION Transmission grid
Low voltage
Substation
DMS
SUPPLIER TENDERING Control centres
O&M Dynamic calculations
Management contract
CONTRACTING Cables
SmartGrids SCADA
Design HVDC
Remote control
